Area Drivers Needed To Transport Blind

Volunteer drivers from the Torrance and Redondo Beach areas are needed to transport blind persons to and from education classes and recreational activities at the Braille Institute, according to Betty Sinclair, transportation director. "We have hundreds of blind persons who are having difficulty getting to the institute," Mrs. Sinclair pointed out. "They are enrolled in classes in Braille reading and writing, typing and other basic courses, as well as in dozens of handicraft activities. The ability to reach the institute is of tremendous importance to them."

A BUS SERVICE which is supported by cooperating Lions Clubs, she explained, is not sufficient to cover all the outlying areas of Los Angeles county. The volunteer driver normally would be asked to bring in a carload of blind students from his or her own neighborhood, one day a week, at 10 a.m. The Institute is located at 741 North Vermont Ave., at Melrose Ave., two blocks north of the Hollywood Freeway. Anyone who can help should call Mrs. Sinclair at Normandy 3-1111.

DMV Urges Early Renewal Of 1963 License Plates

A letup in the volume of motor vehicle registration for 1963 was reported by C. W. Creighton, manager of the Torrance DMV office. Pointing out a Feb. 4 deadline for renewal without penalty, and aware of the long, slow-moving lines that always develop in the last few days, Creighton urged all local residents who have not gotten their black and yellow 1963 license plates to come in now. "RIGHT NOW, we'll guarantee the quickest, most efficient service possible," Creighton said, but added that the same quick service may not be the case during the last hectic week of renewal. Creighton estimated that the renewal operation to date is running 50 per cent above last year. He also pointed out that straight processing of automobiles only on the renewal card mailed from Sacramento is available at: Bank of America, 2225 Hawthorne Blvd., Lawndale; Bank of America, 200 N. Pacific, Redondo Beach; Bank of America, 1030 Gardena Blvd., Gardena. Creighton said that license plates for type of vehicles other than automobiles will be issued only at the Department of Motor Vehicles or at auto clubs for their members.

Recommends Harbor Freeway To Receive Call Boxes

The Harbor freeway, busiest roadway in the world, today was recommended by Supervisor Kenneth Hahn as the first thoroughfare in Los Angeles County to receive a full system of the highly successful emergency boxes. The boxes, 80 of which are already installed and operating on downtown area freeways, provide quick assistance for motorists stranded in heavy traffic because of mechanical difficulty or accidents. Hahn, in a letter to Robert Bradford, director of Public Works for the State of California, said: "I WOULD LIKE to see the installation of these emergency call boxes continued the full length of the Harbor freeway, and I would provide my full cooperation for this work, including the county's share to install them. "The Harbor freeway carries a total of more than 212,000 cars every 24 hours. It seems to me that the freeway carrying the heaviest traffic should have priority in installation of the call box system." The supervisor pointed out that the call boxes are well worth their cost if they only save one life and prevent major tie-ups on the freeways. "Hardly a day goes by that I do not see some stranded motorist on the Harbor freeway," Hahn said. "THESE boxes have proved their effectiveness in a pilot program, and I trust the state will move forward in installing them to serve a wider area."
